1 November 2018

Dear Parent/Carer

### Re: IB Mathematical Studies graphical calculator

It is a requirement for students studying the above course to have use of a graphical calculator at all times. It is necessary for them to become proficient in the use of a graphical calculator when completing all classwork, homework, coursework and their final exams. During lessons students will be taught how to access and use a vast array of functions on the graphical calculator to enable them to complete their course successfully. It is, therefore, necessary that students purchase a graphical calculator and the recommended one for the course is the Casio fx-9750GII.

We are aware that these graphical calculators are very expensive – the RRP is £79.99. On Amazon they currently retail at £68.30. As the calculator is compulsory for the course we have managed to procure them at a discounted rate of £45.00.

To order this essential calculator for your child, please complete the order form below and return with your payment to Miss Rowan in the Maths Faculty. The students will be completing work which requires the use of the calculator from Thursday 15 November so it would be advisable to purchase it by this date. If you have any questions or difficulties regarding this, please do not hesitate to contact me via email – [jbirkensteins@e21c.co.uk](mailto:jbirkensteins@e21c.co.uk).

Yours faithfully

Mr Justin Birkensteins  
Leader of KS5 Mathematics

**Please return the Order form for IB Mathematical Studies graphical calculator to Mr J Birkensteins**

Student name: .....

### Calculator

Casio fx-9750GII graphical calculator **£45**

If you wish to pay by cheque please make cheques payable to Coopers School.
